

Henry Ford Choice Network

A better choice in health care savings

The Henry Ford Choice network offers outstanding care from a health system known for its clinical excellence and medical research. You can choose from a select group of doctors and other health care providers within Henry Ford Health. You'll also enjoy lower monthly premiums and still receive the same quality care you expect from any HAP - affiliated provider.

A single dedicated network

The Henry Ford Choice network is for residents and small businesses in Macomb, Oakland and Wayne counties.¹ It includes nearly 5,000 doctors. Because these doctors are affiliated with the Henry Ford Physician Network, it's easier for your primary care physician to coordinate your care with other doctors.

If you and your PCP decide you need specialty care, your PCP will refer you to a specialist in the Henry Ford Physician Network. In extreme situations (for example, a doctor who meets your specific needs but isn't part of the Henry Ford Physician Network), your PCP will work with HAP to obtain a referral for a specialist from C.S. Mott Children's Hospital or University of Michigan Hospital.

Health care at your fingertips

Henry Ford provides convenient and affordable care in ways that go beyond those offered by traditional health care providers.

Through the online portal MyChart, you can securely manage and receive information about your health. Check test results, view and send messages to your doctor, initiate an online e-visit, schedule an appointment, renew prescriptions and more. You can access:

- **Telehealth:** Now you can connect with a doctor 24/7 using your mobile phone, tablet or computer thanks to HAP Telehealth, powered by Amwell®.
- **Online e-visits:** Through your Henry Ford MyChart account, you can initiate an e-visit with your doctor for nonurgent medical concerns. Answer a series of online questions about your symptoms, and your doctor will send you a message with a diagnosis and treatment within one business day (in some cases the doctor may ask to see you in person).

Save on monthly premiums

Working with doctors from a Choice network allows us to lower costs. This means your monthly premiums could be lower than our full HMO network. Because your doctors work closely with others in the same network, we can cut down on unnecessary expenses. All of your medical records are in one place, too.

A wide range of care options

The Henry Ford Choice network includes doctors and specialists from the Henry Ford Physician Network. Hospitals in this network include:

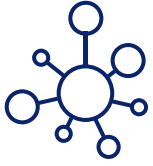

- Henry Ford Hospital
- Henry Ford Kingswood Hospital (behavioral health)
- Henry Ford Macomb Hospital – Clinton Township
- Henry Ford West Bloomfield Hospital
- Henry Ford Wyandotte Hospital

Emergency and urgent care

With all HAP health plans, you can go to any hospital for an emergency. If you have a medical situation that is not life-threatening, go to a Henry Ford Choice network walk-in clinic or urgent care center. These clinics are staffed by doctors and nurse practitioners to help adults and children with minor fractures, sprains, flu symptoms, back pain and more.

To find a Henry Ford Choice PCP, visit hap.org/searchprovider and select your health insurance plan under **Insurance plan**

¹HAP reserves the right to modify the specialist providers participating in the Choice program.

Henry Ford Choice network facilities

For a full list of Henry Ford Choice network hospitals, medical centers, Same-Day In-Clinics, urgent cares and Henry Ford GoHealth urgent cares, visit hap.org/searchprovider provider and select your health insurance plan under **Insurance plan**.

Select a primary care physician (PCP) from our Henry Ford Choice network doctors

To find a PCP in the Henry Ford Choice network, visit hap.org/searchprovider and select your health insurance plan under **Insurance plan**.

Some PCPs are in private offices, while others work out of medical centers. Not all doctors in these facilities are part of the Henry Ford Choice network. It's important to check if a doctor accepts your coverage before you make an appointment.

Henry Ford Allegiance Health is not affiliated or included as a participating provider under Henry Ford Choice network.

HAP and its subsidiaries do not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation or health status in the administration of the plan, including enrollment and benefit determinations.
