B. Frequently Asked Questions

The following chart lists frequently asked questions.

Frequently Asked Questions (FAQ)	Answers
What is a Medicare-Medicaid Plan?	<p>A Medicare-Medicaid Plan is a health plan that contracts with both Medicare and Michigan Medicaid to provide benefits of both programs to enrollees. It is for people with both Medicare and Michigan Medicaid. A Medicare-Medicaid Plan is an organization made up of doctors, hospitals, pharmacies, providers of long term services, and other providers. It also has Care Coordinators to help you manage all your providers and services. They all work together to provide the care you need.</p>
What is a Care Coordinator?	<p>A Care Coordinator is a health professional who will help you get care and services that affect your health and wellbeing. You are assigned a Care Coordinator when you enroll with HAP Empowered MI Health Link. Your Care Coordinator will get to know you and will work with you, your doctors, and other care givers to make sure everything is working together for you. You can share your health history with your Care Coordinator and set goals for healthy living. Whenever you have a question or a problem about your health or services or care you are getting from us, you can call your Care Coordinator. Your Care Coordinator is your “go-to” person for HAP Empowered MI Health Link.</p> <p>Our goal in HAP Empowered MI Health Link is to meet your needs in a way that works for you. This is why we call our program “person-centered.” The person-centered planning process is when you work with your Care Coordinator to create a care plan that is about your goals, choices, and abilities. When you create your care plan, you are welcome to involve people you feel are key to your success, such as family members, friends, or legal representatives.</p>

Frequently Asked Questions (FAQ)	Answers
What are long term supports and services?	<p>Long term supports and services are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.</p>
Will I get the same Medicare and Michigan Medicaid benefits in HAP Empowered MI Health Link that I get now?	<p>You will get your covered Medicare and Michigan Medicaid benefits directly from HAP Empowered MI Health Link. You will work with a team of providers who will help determine what services will best meet your needs. This means that some of the services you get now may change. If you are currently getting services for mental health, substance use, or intellectual/developmental disability needs, you will continue to get these services the same way you do now.</p> <p>When you enroll in HAP Empowered MI Health Link, you and your care team will work together to develop an Individual Integrated Care and Supports Plan (IICSP) to address your health and support needs. You can keep using your doctors and getting your current services for up to 90 days, or 180 days depending on the service, while your IICSP is being completed. When you join our plan, if you are taking any Medicare Part D prescription drugs that HAP Empowered MI Health Link does not normally cover, you can get a temporary supply. We will help you get another drug or get an exception for HAP Empowered MI Health Link to cover your drug, if medically necessary.</p>
