Fizzy Juice

Yield: 1 serving

Ingredients:
- 6 ounces unsweetened club soda or sparkling water (plain, raspberry, lemon/lime or orange)
- 6 ounces 100% juice
- Ice cubes

Directions:
Place ice in a 16 ounce glass. Pour unsweetened club soda or sparkling water over ice. Pour juice on top and stir lightly. **Hint:** Use an orange, pineapple, lemon or lime slice as a garnish. You can use less juice and more sparkling water to make your fizzy juice even healthier.
