Dental Coverage at a Glance

Individuals and families

When you select a HAP health plan, you can add high-quality dental coverage through our partnership with Delta Dental. You have two coverage options:

- **Pediatric-only:** If you have children age 18 or younger, you must have pediatric coverage. It's an essential health benefit under the Affordable Care Act.
- **Adult coverage:** This is for all adults age 19 and older on your health plan. It includes pediatric dental coverage for children age 18 and under. Adults without children will not be charged the pediatric plan premium. Any children on your plan will automatically convert to the adult plan and rate on Jan. 1 of the year following the child's 19th birthday.

You can purchase pediatric dental coverage elsewhere. But, you must provide proof of this coverage to HAP before you can purchase a health plan. Please note that we don't offer adult dental coverage if you purchase a pediatric plan elsewhere.

2019 dental plan rates:
- **Pediatric** – $26.72 per child per month up to the three oldest children (the fourth and up are free)
- **Adult** – $28.80 per adult per month
