Your initial payment is very important. It must be received and processed prior to your effective date.

The government requires that all insurance carriers, including HAP, cancel coverage for members who don't meet this payment requirement. If you miss your initial premium payment, you will not be covered and may have to wait until open enrollment or qualify for a special enrollment period.

HAP is here to help

If you have any questions, please call the HAP Payment Assistance Line at **(888) 735-2542 (TTY: 711)**. We're available Monday through Friday from 8 a.m. to 7 p.m.

HAP and its subsidiaries do not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation or health status in the administration of the plan, including enrollment and benefit determinations.
