

# Henry Ford Choice Network

## A better choice in health care savings

The Henry Ford Choice network offers world-class care from a health system known for its clinical excellence and medical research. You can select from a range of doctors and other health care providers within the Henry Ford Health System. You'll also enjoy lower monthly premiums and still receive the same quality care you expect from any HAP-affiliated provider.

## A single dedicated network

The Henry Ford Choice network is for residents and small businesses in Macomb, Oakland and Wayne counties.\* It includes nearly 5,000 doctors. Because these doctors are affiliated with the Henry Ford Physician Network (HFPN), it's easier for your primary care physician (PCP) to coordinate your care with other doctors.

If you and your PCP decide you need specialty care, your PCP will refer you to a specialist in the HFPN. In extreme situations (for example, a doctor who meets your specific needs but isn't part of the HFPN), your PCP will work with HAP to obtain a referral for a specialist from C.S. Mott Children's Hospital or University of Michigan Hospital.\*\*

**To find a PCP in the Henry Ford Choice network, visit [hap.org/hfcdocs](http://hap.org/hfcdocs) and click on *All Personal Care Physicians* under the *Providers* column.**

## Health care at your fingertips

Henry Ford provides convenient and affordable access to care in ways that go beyond those offered by traditional health care providers. These include:

- **Clockwise.MD:** An online reservation system that allows you to enjoy shortened wait times in a walk-in clinic or urgent care center
- **MyChart:** View test results, view and send messages to your doctor, conduct an eVisit, schedule an appointment, renew prescriptions and more
- **Telehealth:** Access a doctor 24/7 online or by mobile phone
- **eVisits:** Describe your nonurgent health issues to doctors and receive instructions for treatment without leaving your computer

## Save on monthly premiums – as much as 20 percent

Working with doctors from a Choice network allows us to lower costs. In comparison to our full HMO network, that could be a savings of up to 20 percent.\*\*\* Because your doctors work closely with others in the same network, we can cut down on waste. All of your medical records are in one place, too.

## A wide range of care options

The Henry Ford Choice network includes doctors and specialists from the HFPN. Hospitals in this network include:

- Henry Ford Hospital
- Henry Ford Kingswood Hospital (behavioral health)
- Henry Ford Macomb Hospital – Clinton Township
- Henry Ford Macomb Hospital – Mount Clemens (behavioral health)
- Henry Ford West Bloomfield Hospital
- Henry Ford Wyandotte Hospital

## Emergency and urgent care

With all HAP health plans, you can go to any hospital for an emergency. If you have a non-life-threatening medical situation, go to a Henry Ford Choice network walk-in clinic or urgent care center. These clinics are staffed by doctors and nurse practitioners to help adults and children with minor fractures, sprains, flu symptoms, back pain and more.

For more information about the Henry Ford Choice network, visit [hap.org](http://hap.org)

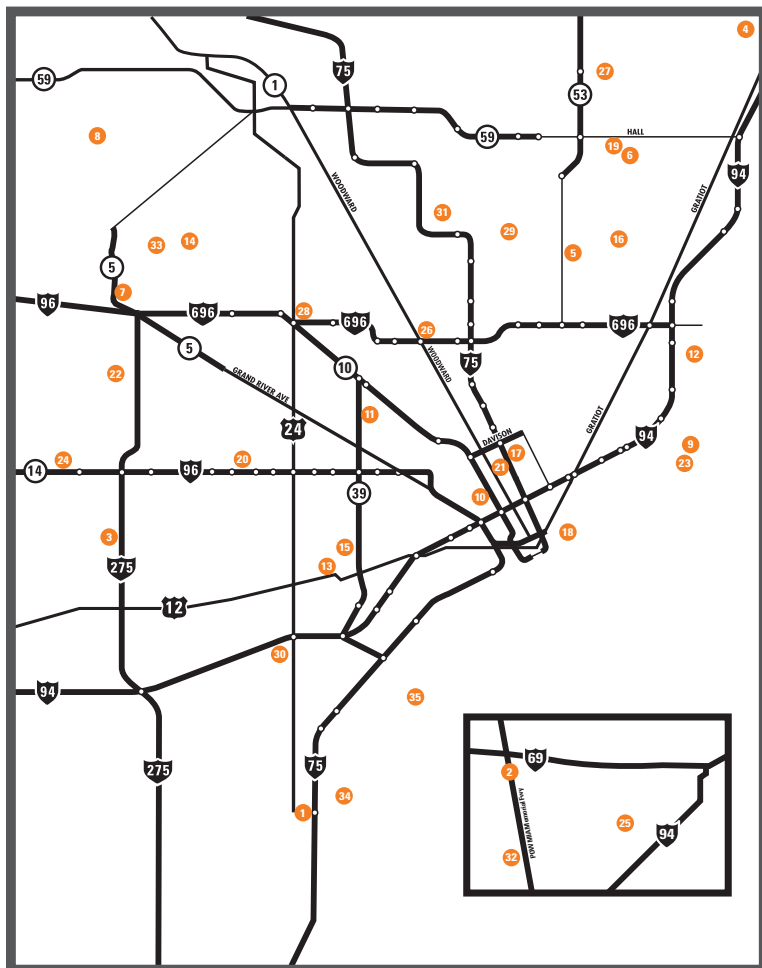

\*Excludes the following ZIP codes in Oakland County: 48346, 48348, 48350, 48356, 48357, 48359, 48360, 48362, 48367, 48370, 48371, 48442, 48462

\*\*HAP reserves the right to modify the specialist providers participating in the Choice program.

\*\*\*The variation in savings is based on the structure of the plan.

# Henry Ford Choice network facilities

For a full list of Henry Ford Choice network doctors, walk-in clinics and other providers, visit [hap.org](http://hap.org).

You can select your PCP from our large network of Henry Ford Choice network doctors.

Some PCPs are in private offices, while others work out of medical centers found on this map. Only some of the doctors in each of these facilities may be part of the Henry Ford Choice network. It's important to check if a doctor accepts your coverage before you make an appointment.

Henry Ford Allegiance is not affiliated nor included as a participating provider under Henry Ford Choice network.
