

Providing vision benefits that will have you seeing more

Your vision just got better with EyeMed.

Your eye health is important to HAP. That's why we have partnered with EyeMed to provide our members with expanded access to a nation-wide network of doctors for their routine eye care needs.

Each employer group and their enrolled members have specific benefits under their HAP plan that include discounts on vision products and services from providers across the country.

HAP members, you can utilize the HAP network of providers for medical and surgical vision service needs. The EyeMed Insight Network provides routine eye care services and access to contacts and eyeglasses.

Large network

The EyeMed Insight Network has the perfect mix of independent, retail and regional providers, like Henry Ford Health OptimEyes, to get you the routine eye care you need, when you need it, and where you need it. With over 6,000 providers in Michigan and 115,000 across the country, you can be sure that you're covered no matter where you are. Remember to show your HAP ID card for all routine eye care visits.

HAP and its subsidiaries do not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation or health status in the administration of the plan, including enrollment and benefit determinations.

With options like extended weeknight and weekend hours and online visits, you'll be able to access care at a time and place that works for you. The EyeMed provider directory will help you find and select providers offering online scheduling.

Shop from home

With EyeMed's on-line providers, you'll be able to choose from an extensive selection of brand-name frames and contacts from Henry Ford Health OptimEyes, LensCrafters, Contacts Direct, and Ray-Ban, all from the comfort of your computer, phone or tablet. Your benefits are automatically applied at the checkout, and shipping and returns are free.

Find the right provider for you

Not sure if your doctor is in the network or don't have one? Not a problem. For routine vision visits in the EyeMed Insight Network, simply go to hap.org/eyedoctor and search for a provider near you. Visit hap.org/find-a-doctor to search the HAP network for a medical/surgical vision doctor.

Exceptional customer support

Have a question or need help? No problem. EyeMed has you covered with award-winning customer service that's available when you need it, day or night. For members in an active employer group plan, simply call **(877) 287-5288**. For retired members, simply call EyeMed's Medicare line at **(855) 982-7438**.
