

2023 Summary of Benefits

Medicare Advantage Plans with Part D Prescription Drug Coverage:

HAP Medicare Complete Duals (HMO D-SNP)

January 1, 2023 – December 31, 2023

HAP Medicare Complete Duals (HMO D-SNP) is a Medicare health plan with a Medicare contract and a contract with the Michigan Medicaid Program. Enrollment depends on contract renewal.

SECTION I - INTRODUCTION TO SUMMARY OF BENEFITS

The benefit information provided is a summary of what we cover and what you pay. It does not list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the “**Evidence of Coverage**.” You can also see the Evidence of Coverage on our website, www.hap.org/medicare.

You have choices about how to get your Medicare benefits

- One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the Federal government.
- Another choice is to get your Medicare benefits by joining a Medicare health plan (such as **HAP Medicare Complete Duals (HMO D-SNP)**).

Tips for comparing your Medicare choices

This Summary of Benefits booklet gives you a summary of what **HAP Medicare Complete Duals (HMO D-SNP)** covers and what you pay.

- If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on www.medicare.gov.
- If you want to know more about the coverage and costs of Original Medicare, look in your current “**Medicare & You**” handbook. View it online at www.medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

SECTION I - INTRODUCTION TO SUMMARY OF BENEFITS

Who can join?

To join **HAP Medicare Complete Duals (HMO D-SNP)**, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and you must live in our service area. Our service area includes these counties in Michigan: Genesee, Macomb, Oakland and Wayne.

Which doctors, hospitals, and pharmacies can I use?

HAP Medicare Complete Duals (HMO D-SNP) has a network of doctors, hospitals, pharmacies, and other providers. If you use the providers that are not in our network, the plan may not pay for these services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

You can see our plan's provider and pharmacy directory at our website (www.hap.org/medicare/member-resources/hap-network).

Or, call us and we will send you a copy of the provider and pharmacy directories.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers – and *more*.

- Our plan members get *all* of the benefits covered by Original Medicare. For Medicare covered benefits, you will pay less in our plan than you would in Original Medicare.
- Our plan members also get *more than what* is covered by Original Medicare. Some of the extra benefits are outlined in this booklet.
- HAP Medicare Complete Duals (HMO D-SNP) is a Medicare health plan with a Medicare contract and a contract with the Michigan Medicaid Program.

HAP Medicare Complete Duals is designed specifically for people who have Medicare and who are also entitled to assistance from Medicaid.

- Because you get assistance from Medicaid with your Medicare Part A and B cost sharing (deductibles, copayments, and coinsurance) you may pay nothing for your Medicare health care services.

We cover Part D drugs. In addition, we cover Part B drugs including chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, www.hap.org/medicare/member-resources/prescriptions/formulary-drug-list.
- Or, call us and we will send you a copy of the formulary.

How will I determine my drug costs?

Our plan groups each medication into one of 6 "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier, what stage of the benefit you have reached and any "Extra Help" you may receive. Later in this document we discuss the benefit stages that occur: Deductible, Initial Coverage, Coverage Gap and Catastrophic Coverage.

Medicaid also provides other benefits to you by covering health care services and prescription drugs that are not usually covered under Medicare. You will also receive "Extra Help" from Medicare to pay for the costs of your Medicare prescription drugs. HAP Medicare Complete Duals will help manage all of these benefits for you, so that you get the health care services and payment assistance that you are entitled to.

**If you have any questions about this plan's benefits or costs, please contact

	<p>You may get your drugs at Preferred or Standard network retail pharmacies and mail order pharmacies.</p> <p>If you reside in a long-term care facility, you pay the same as at a Preferred retail pharmacy.</p> <p>If you request and the plan approves a formulary exception, you will pay a cost-share at Tier 2 for generic drugs and at Tier 4 for brand drugs.</p>
Coverage Gap	<p>Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,660. After you enter the coverage gap, you pay 25% of the price for brand name drugs (plus a portion of the dispensing fee) and 25% of the price for generic drugs. You will pay \$0 for Tier 6 (Select Care Drugs). You stay in this stage until your year-to-date "out-of-pocket costs" (your payments) reach a total of \$7,400, which is the end of the coverage gap. Not everyone will enter the coverage gap.</p> <p>Value Based Insurance Design (VBID) eliminates drug cost shares for LIS eligible enrollees during the Coverage Gap Stage.</p>
Catastrophic Amount	<p>After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$7,400, you pay the greater of:</p> <ul style="list-style-type: none"> • \$4.15 copay for generic (including brand drugs treated as generic) and a \$10.35 copayment for all other drugs, or • 5% of the cost. • Value Based Insurance Design (VBID) eliminates drug cost shares for LIS eligible enrollees during the Catastrophic Coverage Stage.
