

Claim Editing Guidelines for Attending/Ordering/Referring Fields

HAP Empowered Medicaid follows the Michigan Department of Health and Human Services claim editing guidelines for attending/ordering/referring fields for all claim types. Please see the attached bulletin, MSA 21-45, for details.

Listings of allowed attending provider types for inpatient hospitals and outpatient hospital providers are also attached. The most up-to-date lists can be found under *Attending Provider Tips* on the MDHHS [website](#).

Bulletin Number: MSA 21-45

Distribution: All Providers

Issued: December 1, 2021

Subject: Updates to the Medicaid Provider Manual; Change to Attending/Ordering/Referring Claim Editing; Changes to the MDHHS Medical Services Administration

Effective: January 1, 2022

Programs Affected: Medicaid, Healthy Michigan Plan, Children's Special Health Care Services, Children's Waiver, Maternity Outpatient Medical Services, MI Choice Waiver

Updates to the Medicaid Provider Manual

The Michigan Department of Health and Human Services (MDHHS) has completed the January 2022 quarterly update of the MDHHS Medicaid Provider Manual. The Manual is maintained on the MDHHS website at www.michigan.gov/medicaidproviders >> Policy, Letters & Forms >> Medicaid Provider Manual. A compact disc (CD) version of the manual is available to enrolled providers upon request.

The January 2022 version of the manual does not highlight changes made in 2021. Refer to the online version of this bulletin at www.michigan.gov/medicaidproviders >> Policy, Letters & Forms to view the attachments that describe the changes made, the location of the changes within the manual and, when appropriate, the reason for the change. Subsequent changes made for the April, July, and October 2022 versions of the manual will be highlighted within the text of the on-line manual.

Change to Attending/Ordering/Referring Claim Editing

Effective for dates of service on and after 1/1/2022, MDHHS has updated claim editing for all claim types to ensure the provider reported in claim fields for attending, ordering, and/or referring provider are appropriate for the services reflected on the claim. The reported National Provider Identifier (NPI) must be of a provider type appropriate and consistent with current licensing, scope of practice, and Medicaid policy criteria. Claims reflecting inappropriate provider types for the claim type will be denied.

Changes to the MDHHS Medical Services Administration

On October 14, 2021, Governor Gretchen Whitmer signed [EO 2021-14](#) to establish the Health and Aging Services Administration within the Michigan Department of Health and Human Services (MDHHS). The newly established agency will provide more coordinated services to Michigan's growing aging population by combining the former MDHHS Aging and Adult Services Agency and Medical Services Administration under one umbrella within MDHHS. Michigan's Medicaid Office is also part of the new Health and Aging Services Administration.

All references to the Medical Services Administration will be deemed references to the Health and Aging Services Administration. In the coming months, MDHHS will continue to work to update all references to the Medical Services Administration on department webpages, future policy bulletins, forms, brochures, letters, Medicaid Provider Manual, and other publications. Providers should continue to use existing MDHHS documents while the updates are being completed.

Manual Maintenance

If utilizing the online version of the manual at www.michigan.gov/medicaidproviders >> Policy, Letters & Forms, this bulletin and those referenced in this bulletin may be discarded. If using a CD version of the manual, providers should retain all bulletins issued since the version date of the CD. Providers are encouraged to use the MDHHS Medicaid Provider Manual on the MDHHS website; the online version of the manual is updated on a quarterly basis.

Questions

Any questions regarding this bulletin should be directed to Provider Inquiry, Department of Health and Human Services, P.O. Box 30731, Lansing, Michigan 48909-8231, or e-mail at ProviderSupport@michigan.gov. When you submit a question, be sure to include your name, affiliation, NPI number and phone number so you may be contacted if necessary. Typical Providers may phone toll-free 1-800-292-2550. Atypical Providers may phone toll-free 1-800-979-4662.
