

Healthy Michigan Plan Health Risk Assessment – Video Resources

Healthy Michigan Plan (HMP) is a health care program from the Michigan Department of Health and Human Services. HAP Empowered Healthy Michigan Plan members reside in Genesee, Huron, Lapeer, Macomb, Oakland, Sanilac, Shiawassee, St. Clair, Tuscola, and Wayne counties. A key feature of HMP is the Healthy Behaviors Incentive Program which encourages HMP members to maintain and implement healthy behaviors.

Health risk assessment

HAP Empowered Healthy Michigan Plan members are required to complete a health risk assessment (HRA) every year. Within 60 days of enrollment, members are encouraged to schedule an appointment with their primary care provider. They're asked to take the HRA to the appointment. We also partner with Genesee Health Plan to outreach to members and help them complete the form. They also process the HRA.

\$25 incentive for providers

HAP Empowered offers a \$25 incentive for primary care providers who complete and return an HRA for their HAP Empowered Healthy Michigan Plan patients. Incentives are paid quarterly. Here are the steps for completing the HRA.

- The member completes sections 1-3 of the form.
- The doctor completes section 4 and signs the form.
- The doctor faxes the completed form to HAP at **(844) 225-4602** or to CHAMPS.
- The doctor gives the member a completed, signed copy of the HRA.
- The doctor bills with CPT code 96160. The transaction will appear on the remittance advice and submitted to the Michigan Department of Health and Human Services as an encounter.

Video resources

The MDHHS has developed four short videos for providers on the Healthy Michigan Plan HRA and the Healthy Behaviors Incentives Program. Please see the table below for a description of each video. For more information, please visit www.Michigan.gov/HealthyMichiganPlan.

Video	Description
Healthy Michigan Plan Healthy Behaviors Incentives Program and COVID-19	Overview of how the Healthy Michigan Plan Healthy Behaviors Incentives Program can assist with managing risk factors which may contribute to a more severe COVID-19 infection, best practices for participating in the program through telehealth, and how the HMP HRA can assist with screening for social determinants of health. For more information, please visit Michigan.gov/HealthyMichiganPlan and www.Michigan.gov/Coronavirus .
Completing the Health Risk Assessment	Introduction to the HMP HRA for clinicians and a step-by-step guide to completing the HRA, including all four sections and the primary care provider attestation.
Submitting the Health Risk Assessment	Provides some suggestions for integrating the HMP HRA into clinic workflow and for submitting the form once it is completed.
Overview Healthy Behaviors Incentive Program	Overview of the Healthy Michigan Plan Healthy Behaviors Incentive Program, which includes the HMP HRA, Preventive Services, and Wellness Programs.
These videos were produced in partnership with Michigan State University – Institute for Health Policy, Michigan Public Health Institute, and the Michigan State Medical Society, with support from the Michigan Health Endowment Fund.
