

ADMISSION/TRANSFER MANAGEMENT CALL SCHEDULE

For

May 2022, June 2022, July 2022, and August 2022

The attached list is the Admission/Transfer Management Call Schedule for May 2022, June 2022, July 2022 and August 2022. If you are experiencing admission authorization difficulties, transfer difficulties or excessive wait times and need assistance to help facilitate your request, please contact the designated person on the call schedule.

1. Reminders

- Please do not request an admission unless there is an order from a physician. HAP is unable to accept a request for an admission in the absence of an order by a physician.
- Complete clinical information supporting the service requested for an acute care setting should be submitted **at the time** of submission for the request to be medically screened appropriately.
- To facilitate a timely payment for a submitted claim, please enter the discharge date online through our Authorizations application, CareAffiliate upon the member's discharge. If unable, please call **(313) 664-8833** option #2 and notify HAP staff.

2. Admissions and Transfer Program is open 8 a.m. 5 p.m., Monday – Friday except for:

5. Preauthorization process for HAP Medicare Advantage Members:

- We recently announced our partnership with naviHealth to manage post-acute care for our Medicare Advantage members in the following settings: Skilled nursing facilities (SNF), Inpatient rehab facilities (IRF), and Long-term acute care (LTACH).

- Preauthorization requests need to be submitted to naviHealth by one of these methods: Online via naviHealth's portal, or via phone **(855) 514-3603** or fax **(888) 927-0718**.
- For submission requirements, FAQs and other information, please visit <https://navihealth.com/partners/hap/resources/>

6. Highly Preferred Skilled Nursing Facilities: During business week, including holiday, after business hours and weekend closure instructions:

- Highly Preferred Skilled Nursing Facilities will review referral information for medical appropriateness and accept members who meet skilled InterQual/CMS criteria without prior authorization from HAP.
 - The Highly Preferred Skilled Nursing Facilities will fax the necessary clinical documentation to HAP within 3-5 business days of the member's date of admission to complete the authorization process.
- Acute hospital and Henry Ford Home Health Care providers are not required to submit pre-cert information to HAP for admission to any of the designated Highly Preferred skilled nursing facilities.
- Henry Ford Home Health Care providers can refer members to Highly Preferred skilled nursing facilities for admission acceptance for members who were recently discharged from an acute care setting within the past 14 days, required daily skilled services, and have failed in their home setting.
- The Highly Preferred Skilled Nursing Facility process is not available for HAP Medicare members that naviHealth manages and does require prior authorization.
- If there are questions or concerns, hospital case managers and discharge planners, skilled nursing facility staff or inpatient rehab unit staff may contact the HAP management on call on a 24/7 basis. The current on call schedule is available online:
 - Visit hap.org/providers; *Provider resources; Admission & Transfer Management On-Call Schedule*
 - Log in at hap.org; *Quick Links; Admission & Transfer Management On Call Schedule*

7. HAP's Restore Care Coordination Programs

- HAP members that are admitted to your facility may be enrolled in a HAP Care Coordination program. Members enrolled in these programs are typically high risk for readmission or have multifaceted clinical and psychosocial issues and require intense care coordination efforts on the part of their case managers to stabilize their clinical condition and prevent the frequent reoccurrence of emergency room visits and urgent/emergent inpatient hospitalization.
- When a member who is enrolled in one of our HAP Care Coordination programs is admitted to the inpatient hospital setting, the RN Health Care Coordinator may contact the hospital Utilization Review or Case Management department to obtain a current clinical status and discharge plan. As the case manager in the outpatient setting, the RN Health Care Coordinator may also be able to share valuable information with the hospital case manager regarding the member's barriers to care, home situation and ability to manage their condition in the outpatient setting. We appreciate your assistance in supplying timely clinical updates and discharge plans and partnering with our nurses to effectively coordinate the care of these members to prevent readmissions.

8. HAP's Comfort and Palliative Care Program

- HAP, in partnership with Henry Ford Hospice, Reverence Home Care and Hospice of Michigan, has a "Comfort & Palliative Care" program for members who have difficulty managing their end-stage, terminal conditions alone. The program differs from traditional home hospice care in that it provides both curative and palliative treatment options. The program allows healthcare professionals to refer members with end-of-life conditions such as End Stage Chronic Pulmonary Disease, End Stage Congestive Heart Failure, Metastatic Cancer or Failure to Thrive, for the comfort-focused, end-of-life care that they may need. If you would like to refer a member to our program or would like more information, please call **(313) 664-8324**.

9. HAP Fax Number for Clinical Reviews and Immediate Discharge SNF Appeals:

- Please use fax # **(313) 664-5820** when you have clinical reviews and/or Immediate Discharge SNF Appeals to report to HAP.

- Please call **(313) 401-3928** to report an Immediate Discharge SNF Appeal.
