HEALTH ALLIANCE PLAN and its subsidiaries (Alliance Health Life Insurance Company, HAP Preferred Inc. and HAP Empowered.) ensure that all practitioners applying for affiliation meet rigorous credentialing standards prior to approval for participation. All credentialing and recredentialing decisions are non-discriminatory and not based upon an applicant's race, ethnic/national identity, gender, age or sexual orientation. This policy is put into place that HAP will comply with regulatory and accreditation standards in the development and management of Credentialing with the following regulatory provisions

HEALTH ALLIANCE PLAN and its subsidiaries (Alliance Health Life Insurance Company, HAP Preferred Inc. and HAP Empowered, Inc.) have a well-defined Credentialing and recredentialing process for evaluating and selecting licensed Independent practitioners to provide care to its members.

### Policy:

This policy is put into place that HAP will comply with regulatory and accreditation standards in the

development and management of Credentialing with the following regulatory provisions

- National Committee for Quality Assurance (NCQA) standards - CR 1
- Centers for Medicare & Medicaid Services (CMS) guidelines
- Michigan Department of Community Health (MDHHS) guidelines
- [Michigan Department of Insurance and Financial Services \(DIFS\)](#)

**Definition:**

- CAQH: The Council for Affordable Quality Healthcare
- CMS: Centers for Medicare & Medicaid Services
- DIFS: [Michigan Department of Insurance and Financial Services](#)
- MDHHS: Michigan Department of Health and Human Services
- NCQA: National Committee for Quality Assurance

**Procedure: What are the operational processes?**

Responsible Party (Who)	Step	Action Taken (Does What)
Manager, Credentialing Department	All	Assessment and Review of Practitioners who provide care to HAP members.
Manager, Credentialing Department		<p>Practitioner Credentialing Guidelines</p> <p><b>1. Types of practitioners to credential and recredential:</b></p> <p>This policy applies to practitioners who have an independent relationship including Allopaths (MD), Osteopaths (DO), Dentists (DDS) (only oral and maxillofacial surgeons providing care under medical benefits), Podiatrists (DPM), Chiropractors (DC), Nurse Practitioners (NP), Physician Assistants (PA), Certified Nurse Midwives (CNM), Optometrists (OD), Board Certified Behavior Analysts (BCBA), fully licensed Psychologists (PhD/PsyD), Master Level Psychologists (LLP), and Master Level Social Workers (LMSW). Licensed Professional Counselors (LPC) and Acupuncturists are credentialed as an exception based on the health plan's need.</p> <p>PCP availability; A PCP is described as a MD or DO who is listed as a General Practice, Family Medicine, Pediatrician or Internal Medicine Practitioner. OB/Gyn practitioners and other specialists may be designated as a PCP if they agree to provide care for all medical conditions. PCPs must provide or arrange for coverage of services 24 hours per day, 7 days per week. PCPs must be available to see</p>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>patients a minimum of 20 hours per practice location per week.</p> <p>Practitioners who do not need to be credentialed are those who practice exclusively within the inpatient setting and provide care for organization members only as a result of members being directed to the hospital or another inpatient setting, Hospitalists, Pathologists, Radiologists, Anesthesiologists, Certified Registered Nurse Anesthetists, Neonatologists and Emergency Department physicians, practitioners who practice exclusively within free-standing facilities and who provide care for organization members only as a result of members being directed to the facility, locum tenens, and general dentistry.</p> <p><b>2. Credentials System Controls:</b></p> <p>Primary source verification (PSV) is documented using a checklist which includes the name of the primary source, the date of verification, the signature or initials of the Credentialing Coordinator who verified the information and the report date, if applicable. If the PSV is obtained via the internet the verification will contain the URL address.</p> <p>The credentialing application which includes PSV documentation, the CAQH application and other documents which complete the file is saved electronically. The credentialing file is saved on a secure drive only accessible by the Credentialing Department. The Credentialing Coordinator is responsible for maintaining the security of the credentialing documents while processing the file. Documents may not be altered.</p> <p><b>3. Primary Source Verification information is received, dated and stored for credentialing and recredentialing:</b></p> <p><b>Application:</b>  The CAQH application must include a signed current attestation confirming that the application is to be accurate and complete within the required time frame of 180 calendar days prior to the Credentialing Committee's decision. If the signature attestation exceeds 180 calendar days before the credentialing decision, the practitioner must re-attest that the information on the application is current and complete. The CAQH application is received electronically and saved in an electronic format with the</p>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>date of receipt. The Credentialing Coordinator is responsible for maintaining the security of the document.</p> <p><b>The application must also include the following:</b></p> <ul style="list-style-type: none"> <li>• Reasons for inability to perform the essential functions of the position.</li> <li>• Lack of present illegal drug use.</li> <li>• History of loss of license and felony convictions.</li> <li>• History of loss or limitation of privileges or disciplinary actions.</li> <li>• Current malpractice insurance coverage.</li> </ul> <p><b>Licensure:</b></p> <p>HAP verifies a current, valid license to practice and a controlled-substance license as applicable in states where the practitioner provides care to its members is present, is within the prescribed time limit of 180 calendar days and is active at the time of the Credentialing Committee's decision.</p> <ul style="list-style-type: none"> <li>• Obtains internet verification, oral or written verification directly from the State of Michigan Department of Licensing and Regulatory Affairs (LARA) or certification agency.</li> <li>• Obtains either oral, written, or Internet verification for all other state licenses utilizing the appropriate state-licensing agency.</li> <li>• Review of information of sanctions, licensure, or scope of practice covers the most recent five-year period available through the data source.</li> <li>• Information on state sanctioning activity from the State of Michigan Department of Consumer and Industry Services Bureau of Health Services at the time of license verification.</li> </ul> <p><b>DEA or CDS Certificates:</b></p> <p>HAP verifies a current and valid DEA or CDS certificate with no restrictions or limitations (if applicable) in each state where the practitioner provides care to members through</p>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>one of the following. Verification is obtained prior to the credentialing decision. Recent graduates, or fellows applying for initial credentialing or practitioners who move from another state, may have a HAP covering practitioner for up to six months until they obtain their DEA.</p> <ul style="list-style-type: none"> <li>• Confirmation with the state pharmaceutical licensing agency, where applicable</li> <li>• A copy of DEA or CDS certificate</li> <li>• Documented visual inspection of the original certificate</li> <li>• Confirmation with the DEA or CDS agency</li> <li>• Confirmation with the National Technical Information Services (NTIS) database</li> <li>• Confirmation with the American Medical Association (AMA) Physician Master File</li> <li>• The DEA and CDS certificate is not applicable to chiropractors.</li> </ul> <p><b>Education and Training:</b></p> <p>Practitioners must have completed at least three years of post-graduate medical education in an approved internship and/or residency program (MD or DO) or DO's with only one- year post-graduate training before 1989 in an approved program and board certification.</p> <p>Verification of board certification meets the requirement for verification of education and training since medical specialty boards verify both.</p> <p>HAP verifies the highest of the three levels of education and training obtained by the practitioner prior to the credentialing decision. Graduation from medical or professional school, residency, if appropriate, and board certification, if appropriate.</p> <p>The agencies/authorities recognized at the time of this policy are the following:</p> <ul style="list-style-type: none"> <li>• The Accreditation Council for Graduate Medical Education (ACGME)</li> <li>• American Medical Association (AMA) Physician</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>Master Profile</p> <ul style="list-style-type: none"> <li>• The American Osteopathic Association (AOA)</li> <li>• Royal College of Physicians and Surgeons of Canada</li> <li>• The American Podiatric Medical Association (AMPA) Council on Podiatric Medical Education</li> <li>• Graduation from a Commission on Dental Accreditation (CODA) accredited training program - Oral Surgeons</li> <li>• Completion of an accredited psychologist program with an approved internship/clinical practice requirement</li> <li>• Completion of an accredited nurse midwife program, nurse practitioner, clinical nurse specialists with an approved internship/clinical practice requirement</li> <li>• Chiropractic College</li> <li>• Graduate from an optometry program that is accredited by the Accreditation Council on Optometric Education (ACOE) of the American Optometric Association (AOA). Optometrists must complete a four-year post-baccalaureate Doctor of Optometry Degree program.</li> <li>• Completion of a master's degree in social work (MSW) with a major focus of study in the treatment of Behavioral Medicine or equivalent field, as defined by the Michigan Board of Examiners of Social Work.</li> <li>• Master's Degree from a program approved by the State of Board of Counseling</li> <li>• Master's or doctoral degree in Psychology (LLP's)</li> <li>• Doctoral degree in Psychology (Psychology)</li> <li>• Possession of a minimum of a bachelor's and a master's degree that was conferred in behavior analysis or other natural science, education, human services, engineering, medicine or a field related to behavior analysis and approved by the Behavior Analyst Certification Board and must obtain the Board Certified Behavior Analyst</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p style="text-align: center;">Certification.</p> <p><b>Board Certification:</b></p> <p>HAP verifies board certification and documents the expiration date within the 180- calendar day time limit including lifetime certification status. If the medical board does not provide the expiration date for a practitioner's board certification, verification of the board certification status and date of verification is documented within the practitioners file.</p> <p>Board Certification is verified by one or more of the following HAP recognized agencies/authorities are:</p> <ul style="list-style-type: none"> <li>• American Board of Medical Specialties (ABMS Certifacts)</li> <li>• American Osteopathic Association (AOA) Physician Profile Report</li> <li>• Royal College of Physicians and Surgeons of Canada</li> <li>• American Board of Addiction Medicine</li> <li>• American Board of Sleep Medicine</li> <li>• American Board of Oral and Maxillofacial Surgery</li> <li>• American Podiatric Medical Association (APMA)</li> <li>• American Board of Foot and Ankle Surgery (ABFAS)</li> <li>• American Board of Lower Extremity Surgery (ABLES)</li> <li>• American Board of Multiple Specialties in Podiatry (ABMSP)</li> <li>• American Board of Podiatric Medicine (ABPM)</li> <li>• <u>American Midwifery Certification Board (AMCB)</u></li> <li>• National Commission on Certification of Physician Assistants</li> <li>• Nurse Practitioners meet the advanced practice certification standards of one of the following certification organizations: <ul style="list-style-type: none"> <li>1. American Nurses Credentialing Center</li> </ul> </li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>(ANCC)</p> <ol style="list-style-type: none"> <li>2. American Academy of Nurse Practitioners</li> <li>3. National Certification Board of Pediatric Nurse Practitioners and Nurses, Inc.</li> <li>4. National Certification Corporation (NCC) for obstetric, gynecologic, and neonatal nursing specialties</li> <li>5. Oncology Nursing certification corporation</li> <li>6. Pediatric Nursing Certification Board</li> <li>7. American Association of Critical-Care Nurses</li> </ol> <p><b>Work History:</b></p> <p>HAP obtains a minimum of the most recent five years of relevant work history through the practitioner's application or curriculum vitae within 180 calendar day time limit. Relevant experience includes work as a health professional. If the practitioner has practiced fewer than five years from the date of verification of work history, the time frame starts at the date of initial licensure. The application or curriculum vitae must include the beginning and ending month and year for each position the practitioner's employment experience. If the practitioner has had continuous employment for five years or more with no gaps in work history providing the year is acceptable.</p> <ul style="list-style-type: none"> <li>• Clarify either verbally or in writing each gap in employment that exceeds six months.</li> <li>• If the gap in work history exceeds one year, the practitioner clarifies the gap in writing.</li> <li>• Document its review of work history, including any gaps, within the credentialing file.</li> <li>• Work history can be documented on the application, CV or checklist. Documentation will include the signature or initials of staff who reviewed work history and the date of review.</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p><b>Malpractice History:</b></p> <p>HAP obtains confirmation of the past five years of history of malpractice settlements from the malpractice carrier or the National Practitioner Databank (NPDB) within 180 calendar day time limit.</p> <p>The five-year period may include residency or fellowship years. HAP does not need to obtain confirmation from the carrier for practitioners who had a hospital insurance policy during a residency or fellowship.</p> <p><b>Hospital Affiliation:</b></p> <p>HAP verifies all current hospital affiliations as attested to on the application. In the event of a "red flag", previous hospitals affiliations are also verified.</p> <p><b>Sanction Information:</b></p> <p>HAP reviews and evaluates State sanctions, restrictions on licensure, limitations on scope of practice, and Medicare and Medicaid Sanctions prior to making a credentialing/ recredentialing decision. The practitioner's file will contain sufficient documentation to demonstrate that the credentialing information is present at the time of the credentialing decision within the 180 calendar day time limit from the following agencies/sources:</p> <ul style="list-style-type: none"> <li>• NPDB</li> <li>• State Medicaid agency or intermediary and the Medicare intermediary</li> <li>• List of Excluded Individuals and Entities (maintained by the Office of Inspector General (OIG), available over the Internet</li> <li>• Medicare Exclusion Database</li> <li>• Michigan Department of Health and Human Services (MDHHS) Sanction Provider List, available over the Internet</li> <li>• Federal Employees Health Benefits Plan (FEHB) Program department record, published by the Office of Personnel Management, Office of the</li> </ul>

The credentialing information is gathered from PSV's, application, and documents to support the credentialing application. Only the Credentialing Manager and/or Credentialing Lead are authorized to delete credentialing information. Deletions are only made once data is reviewed, verified to be incorrect or duplicated. The credentialing software allows which fields can be added, modified, and/or read only according to the user. All requests for access to the credentialing database and/or secured shared drive are reviewed by the Credentialing Manager to evaluate appropriateness and to determine the security group the individual shall be assigned based on job responsibilities. Each user has a unique identifier and password. These ID's and passwords shall not be shared, or the user may be subject to disciplinary action, including possible termination. If access is not granted, the Credentialing Manager will communicate the denial to the requestor, including the reason for the denial. The credentialing software system tracks the adds, modifications and/or changes with an audit log. The audit log identifies the staff member who make the data entry, what change was added, modified, and/or deleted, identifies the time the change was made and date the change was made. The report is run daily. The Credentialing and/or Credentialing Lead review the report regularly. If there is a discrepancy between the information</p>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>provided by the applicant and the PSV, the Credentialing Coordinator will follow the policy and process for resolving discrepancies in information which may include contacting the applicant and/or the PSV for clarification. Notations may be made in the credentialing file and must contain the date of the entry and the name/initials of the staff member who made the entry.</p> <p><b>5. Credentialing Process Audit</b></p> <p>6. At the time that the credentialing files is completed, the Credentialing Coordinator who was responsible for completing the file attests that the information is accurate and complete and is documented on the credentialing tracking sheet. The file is then reviewed by another Credentialing Coordinator prior to the Credentialing Meeting to ensure all credentialing is completed according to the credentialing policy and signs the credentialing tracking sheet indicating the name and date of the review.</p> <p>7. Prior to the Credentials Committee meeting, the Credentialing Manager and/or Credentialing Lead will review any applications (initial or recredentialing) that is not considered clean to ensure the file is processed in accordance with existing policies and procedures. For any files that were not approved by the Credentialing Committee the file is reviewed by the Credentialing Manager and/or Credentialing Lead to ensure credentialing decisions were made in accordance with existing policies and procedures.</p> <p>To ensure the integrity and security of the practitioner data contained in the credentialing database, various auditing activities will be performed on an ongoing basis. An audit log report is generated daily, which identifies the username, the credentialing data field, the audit date and time, the code, and the field name for all adds and modifications made to the credentialing data. The audit report is reviewed weekly by the Credentialing and Credentialing Lead to ensure all polices and procedures are followed and to identify any unusual or inconsistent activity. In the event of a discrepancy, appropriate steps shall be taken by the Credentialing Manager.</p> <p><b>8. Criteria for credentialing and recredentialing:</b></p> <p>HAP assures that all practitioners applying for affiliation</p>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>meet rigorous credentialing standards prior to providing care to members. The provider must submit information and documentation of his/her education, qualification and certification which qualifies them to be identified as a specialist in a particular field of medicine. It is anticipated that the services to HAP members, performed by that credentialed specialist, would be consistent with the medical specialty for which the provider applied for and was evaluated and credentialed by HAP. Credentialed specialists are accordingly expected to provide covered services to HAP members that are within the scope of the specialty credentialed by HAP after review of the providers' application.</p> <p>Practitioners will go through the recredentialing process within 36 months of the previous credentialing decision. The recredentialing process will include the consideration of practitioner performance indicators obtained through various forms of data, which may include but not limited to results of quality of care reviews, quality of service events, the monitoring of practitioners Appeals and Grievances, U/ M information, and member satisfaction surveys. The recredentialing cycle begins with the date of the initial credentialing decision. HAP counts the 36-month cycle to the month, not to the day.</p> <p>If HAP cannot recredential a practitioner within the 36-month time frame because the practitioner is on active military assignment, maternity leave or a sabbatical, but the contract between HAP and the practitioner remains in place, HAP will recredential the practitioner upon his or her return. HAP will document the reason for the delay in the practitioner's file. It is acceptable to recredential practitioners on leave. HAP will verify that a practitioner who returns from military assignment, maternity leave or a sabbatical has a valid license to practice before he or she resumes seeing patients. Within 60 days of when the practitioner resumes practice, HAP will complete the recredentialing cycle.</p> <p>If a practitioner is given administrative termination for reason beyond HAP's control (e.g., the practitioner failed to provide complete credentialing information), and is then reinstated within 30 calendar days, HAP may recredential the practitioner as long as it is documented that the</p>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>practitioner was terminated for reasons beyond HAP's control and was recredentialed and reinstated within 30 calendar days of termination. HAP will initially credential practitioners if reinstatement is more than 30 calendar days after termination.</p> <ul style="list-style-type: none"> <li>• Completion of a CAQH application.</li> <li>• Completion of at least three years of post-graduate training in an approved internship and/or residency program (MD or DO) or DOS with only one-year post-graduate training before 1989 in an approved program and board certification.</li> <li>• Completion of an accredited physician assistant program with an approved internship/clinical practice requirements and hold a current active certification by the National Commission on Certification of Physician Assistants.</li> <li>• Completion of an accredited nurse midwife program, nurse practitioner, clinical nurse specialists or CRNA program with an approved internship/clinical practice requirements.</li> <li>• <b>Nurse Practitioners and Physician Assistants</b> must submit evidence of collaborative or practice agreement between applicant and a designated HAP credentialed physician.</li> <li>• Graduate from an optometry program that is accredited by the Accreditation Council on Optometric Education (ACOE) of the American Optometric Association (AOA). Optometrists must complete a four-year post-baccalaureate Doctor of Optometry Degree program.</li> <li>• Completion of a master's degree in social work (MSW) with a major focus of study in the treatment of Behavioral Medicine or equivalent field, as defined by the Michigan Board of Examiners of Social Work.</li> <li>• <b>Acupuncturists:</b> Current Michigan license to practice as an Acupuncturists.</li> <li>• <b>Licensed Professional Counselor:</b> Current Michigan license to practice as a Licensed Professional Counselor Master's degree from a program approved by the State Board of</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>Counseling.</p> <ul style="list-style-type: none"> <li>• <b>Fully Licensed Psychologist:</b> Current Michigan license to practice as a Licensed Psychologist. Doctoral degree in psychology from an institution approved by the State of Michigan Board of Psychology</li> <li>• <b>Limited License Psychologist/LLP:</b> Current Michigan license to practice as a Limited License Psychologist. Master's or doctoral degree in psychology from an institution approved by the Michigan Board of Psychology.</li> <li>• <b>Board Certified Behavior Analyst (BCBA):</b> Possession of a minimum of a bachelor's and a master's degree that was conferred in behavior analysis or other natural science, education, human services, engineering, medicine or a field related to behavior analysis and must obtain BCBA Certification.</li> <li>• Board certification in the requested area of practice is recommended. Board certification does not apply to chiropractors or psychologists.</li> <li>• Recent graduates of residency programs who are not board certified at the time of application are encouraged to <b>attain board certification within four years of completing the training program.</b></li> <li>• Specialties such as OB/GYN and all surgery related specialties are encouraged to <b>attain board certification within six years of completing the training program.</b></li> <li>• Non-boarded practitioners see Section 4; Process for making credentialing and recredentialing decisions.</li> <li>• Unrestricted Licensure in the State of Michigan.</li> <li>• Unrestricted DEA in the State of Michigan or arrangements with a HAP contracted/credentialed provider with a valid DEA for required prescriptions will be considered for approval or denial at the discretion of the Credentialing Committee. For initial practitioners or practitioners who move from another state, they may have a covering practitioner for up to</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>six months until they obtain their DEA.</p> <ul style="list-style-type: none"> <li>• Affiliation with a hospital, as applicable. Select specialists including Physical Medicine &amp; Rehab, Dermatology, Ophthalmology and Psychology are not required to have an affiliation with a hospital. All others must have hospital affiliations. For PCPs, hospital affiliation is not required if they are able to identify a credentialed contracted practitioner to oversee the care of their members.</li> <li>• Current malpractice insurance, with at least \$100,000/\$300,000 coverage. Verify malpractice coverages and amounts from the CAQH application or obtain a copy of the face sheet from practitioner.</li> <li>• Federal Torte Coverage - In lieu of malpractice insurance for practitioners delivering care at federal facilities, the file must include a copy of the federal tort letter or an attestation from the practitioner of federal tort coverage.</li> <li>• For practitioners requesting assignment of a dual PCP and specialist, each designation must be assigned to a separate network.</li> <li>• Eligible to participate in Medicare and Medicaid and must not be excluded from participation in any governmental health care program.</li> <li>• Participate in Medicare and does not appear on the Medicare Opt-Out List.</li> <li>• Lack of current sanction and/or suspension from Medicare or Medicaid, or Federal Employees Health Benefits (FEHB). Exclusion or sanctions from a federal health care program shall cause an automatic termination as an affiliated practitioner.</li> <li>• Cooperation with Quality Management and Utilization Management programs, including a credentialing site visit and medical record-keeping practices review if requested.</li> <li>• Accept the HAP fee schedule as payment in full.</li> <li>• Accept new patients for all contracted product lines.</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<ul style="list-style-type: none"> <li>• Favorable professional liability history including malpractice claims history with no more than \$200,000 per claim or no more than 5 claims within the past five years.</li> <li>• Not excluded from System for Award Management (SAMS) Exclusion list.</li> <li>• Lack of present illegal drug use.</li> <li>• Attest to any felony convictions.</li> <li>• No unexplained gaps in work history.</li> <li>• Obtain disclosure of Ownership and control of network provider</li> <li>• Lack of fraud, waste and abuse documentation from Audit Department or FWA Response Team.</li> </ul> <p><b>9. Process for making credentialing and recredentialing decisions:</b></p> <p>Decision-making is governed by a majority vote of the Credentialing Committee for practitioners who do not meet minimum HAP standards and is nondiscriminatory. Each decision is based upon information, documents and/or evidence created, collected, maintained or otherwise arising out of matters that are under review, or have been reviewed pursuant to these policies Committee decisions will be kept confidential by all participants except as required by law or at the discretion of the Credentialing Committee in order to encourage candor and careful assessment necessary to effect peer review and quality assurance. All credentialing activities are in compliance with NCQA, State of Michigan Department of Consumer and Industry Services Bureau of Health Services, and all other applicable laws and regulatory bodies.</p> <p>The Credentialing Committee considers all applicants, including those who have been granted waivers in the context of all available information. In the case of waivers, the Committee must weigh the lack of adherence to standards with factors such as:</p> <ul style="list-style-type: none"> <li>• Perceived value to HEALTH ALLIANCE PLAN and its subsidiaries (Alliance Health Life Insurance Company, HAP Preferred Inc. and HAP Empowered, Inc.) and/or the membership, which</li> </ul>

Responsible Party (Who)	Step	Action Taken (Does What)
		<p>merits approval despite failure to meet the standard, and/or</p> <ul style="list-style-type: none"> <li>• Perceived professional qualities, which may not be appropriately reflected in the HAP standard requiring board certification and residency training, including:               <ol style="list-style-type: none"> <li>1. Demonstrated motivation to participate in HAP and follow managed care procedures</li> <li>2. Special need for practitioners in the geographic area/network</li> <li>3. Reputation in the community</li> <li>4. Prominence in the network's managed care organization</li> <li>5. Professional experience/Continuing Medical Education experience</li> <li>6. Partnership with current HAP practitioners of perceived exceptional quality</li> </ol> </li> <li>• Board certification waivers are reviewed for <b>initial</b> applicants only. To be considered for a board certification waiver, the practitioner must submit a letter of recommendation including network need from their (hospital) department chair or three letters of recommendation from HAP contracted and credentialed practitioners. Board certification waivers will be considered for approval or denial at the discretion of Credentialing Committee.</li> <li>• Board certification extensions are granted to recredentialing applicants who provide proof from the board stating they are scheduled to sit for the exam. Credentialing Committee reserve the right for approval or denial of Board certification extensions.</li> <li>• Physician's certificates that expired and who fail to become re-certified, or those physicians whose board eligible period expired or lapsed and have no plans of certifying or recertifying must provide a written explanation to</li> </ul>
