

Reminder of Appropriate Prescribing and Dispensing

March 24, 2020

A note from the Michigan Department of Licensing and Regulatory Affairs.

Reminder of Appropriate Prescribing and Dispensing

Dear Licensed Prescribers and Dispensers:

The Department of Licensing and Regulatory Affairs has received multiple allegations of Michigan physicians inappropriately prescribing hydroxychloroquine or chloroquine to themselves, family, friends, and/or coworkers without a legitimate medical purpose.

Prescribing hydroxychloroquine or chloroquine without further proof of efficacy for treating COVID-19 or with the intent to stockpile the drug may create a shortage for patients with lupus, rheumatoid arthritis, or other ailments for which chloroquine and hydroxychloroquine are proven treatments. Reports of this conduct will be evaluated and may be further investigated for administrative action. Prescribing any kind of prescription must also be associated with medical documentation showing proof of the medical necessity and medical condition for which the patient is being treated. Again, these are drugs that have not been proven scientifically or medically to treat COVID-19.

Michigan pharmacists may see an increased volume of prescriptions for hydroxychloroquine and chloroquine and should take special care to evaluate the prescriptions' legitimacy. Pursuant to Michigan Administrative Code, R 338.490(2), a pharmacist shall not fill a prescription if the pharmacist believes the prescription will be used for other than legitimate medical purposes or if the prescription could cause harm to a patient.

It is also important to be mindful that licensed health professionals are required to report inappropriate prescribing practices. LARA appreciates all licensed health professionals for their service and cooperation in assuring compliance in acting responsibly while continuing to provide the best possible care for Michigan's citizens during this unprecedented and very challenging time.

To stay up to date on the latest information regarding the COVID-19 pandemic please go to www.michigan.gov/Coronavirus and the CDC site at www.CDC.gov.

Sincerely,
Deb Gagliardi, Director
Bureau of Professional Licensing

Forrest Pasanski, Director
Enforcement Division
